

# 2019 CITY OF GREEN BAY RETIREE HEALTH AND DENTAL INSURANCE

The City of Green Bay will hold its annual open enrollment for 2019 health and dental benefits from **November 12 through November 28, 2019.**

The City offers two health insurance plans to eligible retirees either the same plan provided to active employees or the retiree plan. Effective January 1, 2019 there will be a premium increase to both retiree health plans. If you wish to change to the retiree health plan, you need to do so during the open enrollment period. Once you enroll in the retiree plan the health plan provided to active employees is closed to retirees. Once you drop out of the active or retiree health plan you may not re-enroll in either plan at a later date.

During the open enrollment period you may also change the carrier for your dental coverage. Dental Associates and Humana Dental will have 3% premium increases. If you drop dental coverage you may not re-enroll at a later date.

No election is necessary if you are not making changes for 2019.

You are invited to attend the retiree benefit meeting being held in the City Hall Council Chambers:

## IMPORTANT NOTICE FROM CITY OF GREEN BAY ABOUT YOUR PRESCRIPTION DRUG COVERAGE AND MEDICARE

**Please read this notice carefully and keep it where you can find it.** This notice has information about your current prescription drug coverage with City of Green Bay and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

**There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:**

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. City of Green Bay has determined that the prescription drug coverage offered by the City of Green Bay is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

---

### When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15<sup>th</sup> through December 7<sup>th</sup>.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

### What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current City of Green Bay coverage will not be affected.

Because your existing coverage is considered Creditable Coverage, you have several options. Your options include, but are not limited to the following:

- Maintain your current benefits with the City of Green Bay Health Plan (POS Health Plan - Retiree Health Plan) and delay enrollment in Medicare prescription drug coverage.
- Keep your current benefits with City of Green Bay Health Plan (POS Health Plan - Retiree Health Plan) and enroll in Medicare prescription drug coverage.
- Enroll in a Medicare prescription drug plan and drop your current benefits with City of Green Bay Health Plan (POS Health Plan - Retiree Health Plan).

## IMPORTANT NOTICE FROM CITY OF GREEN BAY ABOUT YOUR PRESCRIPTION DRUG COVERAGE AND MEDICARE

If you do decide to join a Medicare drug plan and drop your current City of Green Bay coverage, be aware that you and your dependents will not be able to get this coverage back.

You should compare your current coverage, including which drugs are covered, with the coverage costs of the plans offering Medicare prescription drug coverage in your area. If you need assistance, you should contact your local State Health Insurance Program (SHIP) counselor. You can find your local SHIP counselor at [www.shiptalk.org](http://www.shiptalk.org).

The current prescription benefits coverage under the City of Green Bay Health Plans is as stated below. For additional coverage information, refer to your Summary Plan Description.

### POS Health Plan:

- Participating Retail Pharmacy (up to 34-day supply)
  - \$5 copay – generic
  - \$25 copay – preferred name brand
  - \$45 copay – non-preferred name brand
- Participating Retail Pharmacy (up to 102-day supply of Rx maintenance products)
  - \$15 copay – generic
  - \$75 copay – preferred name brand
  - \$135 copay – non-preferred name brand
- Participating Mail Order Pharmacy (up to 90-day supply of Rx maintenance products)
  - \$10 copay – generic
  - \$50 copay – preferred name brand
  - \$90 copay – non-preferred name brand

### All prescription co-pays track towards the out of pocket max.

### POS Health Plan (Retiree Health Plan):

- \$5 copay – generic
- \$25 copay – preferred name brand
- \$45 copay – non-preferred name brand

Your current coverage pays for other health expenses, in addition to prescription drugs, and you will still be eligible to receive all of your current health and prescription drug benefits if you choose to enroll in a Medicare prescription drug plan.

### When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with City of Green Bay and do not join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.
